COMMITTEE ON
FOREIGN AFFAIRS

March 20, 2026

The Honorable Tom Cole
Chairman
Committee on Appropriations
H-305, the Capitol
Washington, D.C. 20515

The Honorable Rosa DeLauro
Ranking Member
Committee on Appropriations
1036 Longworth HOB
Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for Dissolved Air Flotation (DAF) Technology in Fiscal Year 2027. The entity to receive funding for this project is the Southern Nevada Water Authority, located at 1001 South Valley View Boulevard, Las Vegas, Nevada 89153.

The funding will be used to advance detailed engineering design and implement DAF technology in at least one filter at each of SNWA's two water treatment facilities. Deployment of this technology will create a drought resilient pretreatment solution capable of reliably mitigating particle loading events, protecting finished water quality, and ensuring uninterrupted service to the community.

The project is a responsible use of taxpayer funds because it will allow SNWA to continue to provide clean drinking water to the Southern Nevada community.

The project has a Federal nexus because the funding provided is for purposes authorized by Section 1452 of the Safe Drinking Water Act, 42 U.S.C. 300j-12.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Dina Titus
Member of Congress
