INFRASTRUCTURE

COMMITTEE ON
FOREIGN AFFAIRS

May 23, 2025

The Honorable Tom Cole
Chairman
House Committee on Appropriations
Washington, D.C. 20515

The Honorable Rosa DeLauro
Ranking Member
House Committee on Appropriations
Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Clark County Energy Resilience and Safety project in Fiscal Year 2026. The entity to receive funding for this project is Clark County, Nevada, located at 500 South Grand Central Parkway, Las Vegas, Nevada 89155.

The purpose of the project is to replace outdoor metal halide lighting fixtures with LED fixtures to improve energy efficiency while increasing visibility in underserved communities in Clark County, Nevada.

This is a responsible use of taxpayer funds because converting existing metal halide, incandescent, fluorescent, and sodium lighting to solid state LED lighting has numerous benefits, including reduced energy consumption, lower maintenance costs, and increased visibility.

The project has a Federal nexus because the funding provided is consistent with the purposes authorized in 42 U.S.C. 5305(a)(2).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Dina Titus
Member of Congress
