The Honorable Tom Cole
Chairman

The Honorable Rosa DeLauro
Ranking Member
House Committee on Appropriations
Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for vehicle replacement at the D and C tram system at Harry Reid International Airport in Las Vegas, Nevada, in Fiscal Year 2026. The entity to receive funding for this project is the Clark County Department of Aviation, located at 5757 Wayne Newton Blvd, Las Vegas, Nevada 89119.

The purpose of the project is to enhance the safety, operational reliability, and energy efficiency of the Automated People Mover (APM) passenger movement system at LAS Terminal 1 by upgrading the existing tram guideway structure, replacing several APM Vehicles, and upgrading the existing APM control system to ensure reliable passenger movement between Terminal 1 and the D and C concourses.

This is a valuable use of taxpayer funds because it will improve the availability and reliability of the APM transportation system that allows passengers to transit between Terminal 1 and the D-Concourse and between Terminal 1 and the C-Gates at LAS. These APM systems on the secure side of the terminal are critical to ensuring efficient terminal operations and passenger flow for the 58.4 million passengers that transit through LAS on an annual basis.

The project has a Federal nexus because the funding provided is for purposes authorized by 49 U.S.C. 47100 et seq.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Dina Titus
Member of Congress
