The Honorable Kay Granger
Ranking Member
Committee on Appropriations
Washington, DC 20515

Dear Chair DeLauro and Ranking Member Granger,

I am requesting funding for Advancing STEM Education in Southern Nevada in fiscal year 2022. The entity to receive funding for this project is the National Atomic Testing Museum located at 755 E Flamingo Rd, Las Vegas, NV 89119. The funds will support new interactive exhibits and programming focused on students, especially women and minorities, to inspire them to enter STEM fields. The National Atomic Testing Museum is an affiliate of the Smithsonian Institution and welcomes visitors from across the Las Vegas Valley and around the world to educate about the past, present, and future of the U.S. Nuclear Weapons Testing Programs and the National Security Programs being executed at the Nevada National Security Site.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink that reads "Dina Titus".
