The Honorable Rosa DeLauro
Ranking Member
House Committee on Appropriations
Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for Wastewater Treatment Plant Upgrades for Boulder City, NV. The entity to receive funding for this project is the City of Boulder City located at 401 California Ave, Boulder City, NV, 89005.

The purpose of the project is to expand the treatment capacity of existing facilities while improving safety and reliability.

This is a responsible use of taxpayer funds because it is investing in the water security of the community. Not only will it improve local water security but also regional security by returning treated wastewater back to the water supply which could eventually save enough water to supply an additional 4,000 homes annually.

The project has a Federal nexus because the funding provided is for purposes authorized by Title VI of the Clean Water Act, 33 U.S.C 1381 et seq.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Dina Titus
Member of Congress
