Chairman

The Honorable Rosa DeLauro  
Ranking Member  
House Committee on Appropriations  
Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Citywide Traffic Signal Improvements project in fiscal year 2025. The entity to receive funding for this project is the City of Las Vegas, located at 495 S. Main Street, Las Vegas, NV 89101.

The purpose of the project is to implement improved intersection designs throughout Las Vegas to make the transportation system safer, including traffic signal system components, enhanced lighting, curb and gutter, sidewalk and ADA upgrades, medians, pedestrian and bicycle safety upgrades, intelligent transportation system (ITS) infrastructure, signage, and striping modifications.

This project is a responsible use of taxpayer funds because it will assist the City of Las Vegas with accelerating their implementation of critical safety improvements at crash-prone intersections and along their High Injury Network.

The project has a Federal nexus because the funding provided is for purposes authorized by 23 USC 133(b)(2).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Dina Titus  
Member of Congress
