The Honorable Tom Cole
Chairman

The Honorable Rosa DeLauro
Ranking Member
House Committee on Appropriations
Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Climate Adaptive Bus Shelters project in fiscal year 2025. The entity to receive funding for this project is the Regional Transportation Commission of Southern Nevada, located at 600 S. Grand Central Pkwy. Ste. 350 Las Vegas, NV 89106.

The purpose of the project is to install climate-adaptive bus shelters that offer increased shade and cooling opportunities to combat the urban heat island effect experienced in many areas of the Las Vegas Valley.

This is a responsible use of taxpayer funds due to its safety and accessibility benefits for pedestrians and transit users, its widespread community support, and the Federal nexus.

The project has a Federal nexus because the funding provided is for purposes authorized by chapter 53 of title 49 of the United States Code.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Dina Titus
Member of Congress
