The Honorable Rosa DeLauro
Ranking Member
House Committee on Appropriations
Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the South Site Emergency Operations Center project in fiscal year 2025. The entity to receive funding for this project is the Clark County Fire Department, located at 4425 W. Tropicana Ave., Las Vegas, NV 89103. (address including street name, city, state, and zip code).

The purpose of the project is to upgrade the South Site Emergency Operations Center with enhancements including advanced communication systems, information management tools, surveillance equipment, emergency notification systems, hardware/software, and training programs.

This is a responsible use of taxpayer funds because it will ensure that emergency response efforts are effectively managed, leading to quicker and more coordinated responses to incidents such as natural disasters, public health emergencies, large-scale special events and accidents.

The project has a Federal nexus because the funding provided is for purposes authorized by section 614 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5196c), as amended by section 202 of the Implementing Recommendations of the 9/11 Commission Act of 2007 (9/11 Act).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Dina Titus
Member of Congress
