Dear Chairwoman DeLauro and Ranking Member Granger,

I am requesting funding for the Stewart Avenue Complete Streets project in fiscal year 2023. The entity to receive funding for this project is the City of Las Vegas and is located at 495 S. Main St. Las Vegas, NV 89101. This funding would support the installation of a protected two-way cycle track (east of Eastern Avenue), sidewalk widening and obstruction removal to meet or exceed ADA accessibility guidelines, upgraded lighting, bus stop improvements and amenities, the addition of significant landscaping and street trees, prediction technologies for cyclists and pedestrians near intersections, and a corridor-wide speed limit reduction. The solution is clear – transforming Stewart Avenue from a vehicle-centric roadway into a multimodal space that better serves the needs of the residents and businesses who live and work along it. The major elements of this project are all aimed at creating a safer and more pleasant environment for residents who are walking, bicycling, or accessing transit along the corridor. Protected bike lanes, wider sidewalks, street trees, shade structures, and reduced vehicular speeds along the corridor are all integral parts of the solution. I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Dina Titus
Member of Congress
