

CONGRESS OF THE UNITED STATES
HOUSE OF REPRESENTATIVES
WASHINGTON, D.C.

March 31, 2023

The Honorable Kay Granger
Chairwoman
Committee on Appropriations
Washington, D.C. 20515

The Honorable Rosa DeLauro
Ranking Member
Committee on Appropriations
Washington, D.C. 20515

Dear Chairwoman Granger and Ranking Member DeLauro,

I am requesting community project funding for the Nevada Department of Transportation's Pavement Rehabilitation, Structure Improvements, Hydraulic Modifications, and Environmental Improvements on US 93 South of Henderson to Boulder City and on SR 173 South of US 93 to I-11 project in fiscal year 2024. The entity to receive funding for this project is the Nevada Department of Transportation, located at 1263 South Stewart Street., Carson City, NV 89712.

The funding would be used for the rehabilitation of the existing aging pavement, analyzing and upgrading existing hydraulic drainage facilities, repairing and overlaying existing bridge decks to preserve and protect structural integrity of the existing features, and repairing and installing new tortoise fence to protect the endangered species habitat located within the project limits to promote environmental stewardship.

The project is an appropriate use of taxpayer funds because it protects endangered species habitat; preserves existing infrastructure; and enhances its resiliency through proven best practices for hydraulics, stormwater, and pavement preservation, thus saving money that would be needed for full reconstruction in the future.

The project has a Federal nexus because the funding provided is for purposes authorized by 23 U.S.C. 133(b).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

A handwritten signature in black ink that reads "Dina Titus".

Dina Titus
Member of Congress
